HASSANAHMED.ME HASSAN.AHMAD@UPESH.EDU.PK

Hi, I'm a student of Computer Science with an extraordinary passion for programming. While my true métier lies in web-development, I've also been doing serious programming in C++ and Java for the past five years. Recently, I've started to engage in research activities related to the field of Intelligent Transportation Systems, and more specifically, Inter-Vehicular Communications (IVC).

EDUCATION

Bachelor of Computer Science (BCS) — 2013 - Now
6th Semester, CGPA: 3.7
Department of Computer Science, University of Peshawar, Peshawar

FSc. Pre-Engineering — 2008 - 2010
Passed with A grade
Islamic College University, Peshawar

EXPERIENCE, AND SOME OTHER THINGS I'VE BEEN UPTO

Center for Advanced Research in Engineering (CARE), Islamabad — Jan 01, 2013 - Oct 01, 2013
Internee (Full-time)
I interned for nine months as a Windows Software Developer with emphasis on Information Security. I did the coding in C++, and also worked separately with the Metasploit Framework. Toward the end, I explored Android programming.

BRAINS Software Enterprises (BSoft), Peshawar — Feb 01, 2014 - Aug 01, 2014
Employee (Part-time)
I served as the head of web development team, and was responsible for developing several of their clients' websites. During the time, I also worked from home on some of their projects as a freelancer.

Center for Emerging Information and Communications Technology (CEICT), Nov, 2014 - now

Dept. of Computer Science, University of Peshawar, Peshawar

Research Assistant (Part-time)

Due to my keen interest in research, I joined CEICT as a Research Assistant. My research activities are related to the field of Intelligent Transportation Systems, specifically Inter-Vehicular Communications. I've worked in several related open-source simulators, including OMNeT++, SUMO and Veins.

eKhareedari.com - Online shopping website Jul, 2015 - now

Lead Application Programmer & Shareholder

Designed and developed the eCommerce website, based on Magento platform. eKhareedari provides a common platform to the netizens of Peshawar where anyone can buy anything they need. Currently, I am handling all of its technical aspects.

NewsSlate.com Sep, 2015 - now

Co-founder & Developer

A news-aggregator for online Pakistani newspapers, developed as a personal startup. This project is still under-development while the beta version has been launched.

SKILLS OR THINGS I HAVE A BLACK-BELT IN

- Languages: Pashto (native speaker), Urdu (advanced), English (advanced) and Korean (beginner).
- Web Technologies: HTML5/CSS3, JavaScript, AJAX, PHP, jQuery and Bootstrap.
- Desktop Programming Languages: C/C++, Java, C#, VB .NET and Assembly.
- Android Programming.
- Networking Simulators: OMNeT++, SUMO and Veins.
- Databases: MySQL, MS SQL Server, SQLite and Oracle 11g.
- Obligatory Microsoft Office skills.
- Also, I have a very good sense of web typography.

ACCOLADES, AND OTHER NOT SO GREAT STUFF

- Wrote the first proper *Developers' Guide* for Veins 3.0 to help fellow researchers, also approved by the original author of Veins.
- Won the award for Most Creative App in *Telenor Apportunity Contest 2013* for my artificial intelligent Android chatting-bot, *KMA Chatbot*.
- Won 1st prize in Web Designing in *ICUETC-14*, held at Islamia College, Peshawar.
- Won 1st prize in Speed Programming in *NUTEC-14*, held at FAST-NUCES, Peshawar.
- Won 2nd prize in Speed Programming in *S&T Exhibition*, held by Khyber Pakhtunkhwa IT Board.
- Won 1st and 2nd prizes in Web Designing and Speed Programming competitions respectively, in *CUTEC 2014*, held at City University of Science & Information Technology, Peshawar.
